33-AP3800-CVR

Black, ABS plastic, stick on Vanity Cover for larger Cisco APs

Collection: Vanity Covers | Series:

Customize the appearance of the popular Cisco 3800 APs with Oberon's 33-AP-COVER. The vanity cover is made from a plastic transparent to wireless signals, and can be attached directly to the Cisco 3800 APs. The 33-AP-COVER is paintable so you can customize the color of the AP to partially conceal the AP or compliment interior color schemes. Coloring the vanity cover does not void the manufacturer's warranty. Includes cover fasteners.

Buy It Now Anixter →

Features & Benefits

- The vanity cover is virtually transparent to wireless signals
- Attaches to AP with mushroom head fasteners (included)
- Vanity covers are paintable using an enamel spray paint such as Krylon (do not use oil based paint or metallic paint). The surface does not need to be treated
